

RG104 Entry 271

Volume 2

July 1, 1879 – June 30, 1883

Tables of Daily Coinage by Month for Each Mint
(Gold and Silver Only)

Note 1: Each monthly table consists of two facing pages. The left page reports gold coins delivered and the right page reports silver coins delivered. Ample overlap of facing pages has been included to facilitate matching quantities with dates of delivery. Page numbers have been added to improve usability.

Note 2: Absence of entries on many of the gold (left) pages was the result of resources being dedicated to silver dollar manufacturing.

Note 3: The New Orleans Mint began coinage operations in February 1879. See Volume 1 for output for the first six months of operation.
